

WHITE DOVE

Brought to you by the pioneers of Insect Light Traps selling in India

Gravity is the ultimate fly catcher brought to you by the pioneers in the business of selling Insect Light Traps (ILT) in India. Gravity works on the principle of Ultra violet light (UV). UV light attracts flies and traps them on the glue boards. It is noiseless, No Fumes, No Smell and works silently

Gravity is designed to be used in all kinds of industries where there is zero tolerance for flies and also who have concern for fly debris and fragmentation associated with the use of conventional fly killers. Food ,Pharma and Hospitality are some of the industries where Gravity could be the right choice.

Gravity is aesthetically designed and has a pleasing look. It is available in three models with plain tubes as well as with shatter proof tubes.
